Table No. 1 of Schedule 7 of Annex 3A of Regulation No. 1197/1999
Dear Shareholders,

On behalf of my fellow members of the Compensation Committee, and of the entire Board of Directors of Eni, I am very pleased to present the Remuneration Policy for 2016, outlined here in the first section of this Report.

Eni has long been inspired by a set of core principles that underpin its approach to running its business, and is committed to promoting these with its stakeholders by sharing its know-how, values and objectives in a spirit of mutual trust. These principles place fairness, transparency and integrity at the heart of activity, and are anchored by a body of internal operating systems that is aligned with the highest standards of international best practice.

The remuneration policy reflects Eni’s values, vision and business approach, and is the essential instrument by which the Company seeks to “attract, retain and motivate people with the professional skills necessary to successfully manage” the Group (Italian Corporate Governance Code, Principle 6.P.1.). The Committee therefore aims to design a remuneration strategy that supports Eni’s underlying goal of enhancing and developing human capital, consistent with its medium-term strategic and operational requirements.

In 2015, our approach has been to implement and consolidate the guidelines defined in 2014 for the current three-year mandate, by delving into certain issues that required further technical and operational refinements, whilst also monitoring and adapting to the evolving regulatory context, as well as emerging norms of international best practice and the expectations of our investors. The Committee began the year with an in-depth review of the general principle of clawbacks, in order to update its existing policy in line with new recommendations introduced by the Italian Corporate Governance Code in July 2014, as well as develop practical criteria with specific Implementation Rules defining the terms, procedures, roles and functions involved in applying the clause to the short and long-term incentive plans of all managers. The Committee also carried out an extensive review of the performance monitoring methods employed across different business areas, in order to ensure comparability of results across reporting periods, as well as a proper evaluation of the objectives assigned to management, net of the effects of any exogenous variables and structural changes to the business.

The second half of the year saw the Committee define, as per its annual plan, recommendations for the 2016 Remuneration Policy. This involved reviewing national and international regulatory developments, the voting policies of leading proxy advisors and institutional investors, as well as relevant remuneration benchmarks, in order to assess performance against the 2015 remuneration policy, as required by the Corporate Governance Code. Looking ahead, we expect 2016 to be another year of continuity, reflecting, as did 2015, the policies established and approved for this Board’s mandate. As such the Guidelines on the 2016 Remuneration Policy do not provide for significant changes. That said, this year will also see the Committee lay the groundwork for new proposals to be presented to shareholders, in preparation for the Board’s next mandate, in particular as regards the policy governing long-term incentive awards.

The Committee has, moreover, worked to strengthen the overall quality of disclosure in this Report. In particular, to aid user-friendliness, a new Executive Summary has been added, featuring two sections: the first containing summary information on the main points of the 2016 Remuneration Policy, and the second devoted to a set of supplementary and contextual information. The latter part of the Report also contains a new dedicated section on the final results of the application of the short and long-term incentive plans. This provides ready access to data regarding performance vs. targets and their correlation to incentive awards made to management, while still safeguarding confidentiality of commercially sensitive information.

Eni’s remuneration policy rests on the twin cornerstones of transparency and alignment: our goal is for the strategy to be clear to both staff and shareholders, and for the actions of the former to be fully aligned with the long-term interests of the latter. We strive to achieve this through continuous attention to best practices as well as the expectations of our stakeholders, with the ultimate goal of contributing to the creation of long-term sustainable value.

In this regard, the Committee has relied on the expert support of the relevant corporate functions to maintain a constant dialogue with investors, in order to gain a clear understanding of their expectations and recommendations, hear critical feedback and strive for maximum levels of support at the annual Shareholders’ Meeting. We are convinced that this activity enhances our ability to learn, anticipate future challenges and chart a path towards increasingly sophisticated and effective remuneration practices.

To conclude, I would like to extend my heartfelt thanks to my fellow Directors Karina Litvack, Diva Moriani and Alessandro Lorenzi for having unreservedly made their wealth of professional skills and experience available to the Committee. Equally, my colleagues join me in expressing our thanks and appreciation to the people at Eni for their dedication and excellent support.

In the hope that you will find satisfaction in the work we have carried out to date on your behalf, please allow me to thank you in advance, on behalf of my fellow Committee members as well as my own, for your support for the continued work we intend to carry out on the Remuneration Policy through 2016.

Pietro Guindani
Chairman of the Compensation Committee

Foreword

The Eni Remuneration Policy is approved by the Board of Directors following a proposal by the Compensation Committee, which is working inside the new executive, independent, Directors. It is defined in accordance with the governance model adopted by the Company and in the recommendations of the Italian Corporate Governance Code. This Policy establishes the guidelines for the implementation of the principle of governance in the context of the long-term incentive plans, and in this context it also aims to determine the long-term incentive awards for senior managers. The Plan is subject to the approval of the Shareholders’ Meeting held on 8th May, 2014, in accordance with Art. 114-bis of the Consolidated Law on Financial Markets and for Capital Markets and Other Managers with strategic responsibilities.

Executive Summary

The 2016 Remuneration Policy has also been defined by taking into account the decisions of the Shareholders’ Meeting held on 8th May, 2014, in accordance with Art. 114-bis of the Consolidated Law on Financial Markets and for Capital Markets and Other Managers with strategic responsibilities.
Foreword

The Executive Remuneration Policy is approved by the Board of Directors following a proposal by the Compensation Committee, which is formed within the framework of executive committees.

In accordance with the provisions of the Italian Corporate Governance Code, this Policy regulates the compensation of the Chairman of the Board of Directors and the Chief Executive Officer (and General Manager), and for other Managers with strategic responsibilities.

Overview

This Report was approved by the Board of Directors following the recommendation of the Compensation Committee.

In particular:

- For the ‘for the year – delinquent period’ column details the duration of the vesting period for the long-term incentive awards granted during the year;
- For the ‘for previous years – no longer payable’ column details the long-term incentives in relation to severance payment conditions for the vesting period in the event of expiry of the contract due to events relating to the employment relationship as foreseen by the Plan Rules;
- For the ‘for previous years – payable/paid’ column details the long-term incentives paid during the year, based on the vesting performance conditions for the vesting period in the event of expiry of the contract due to events relating to the employment relationship as foreseen by the Plan Rules.

The first section of the Remuneration Report provides a detailed description of the 2016 Remuneration Policy, in line with relevant market standards and with the performance targets defined under the Long-term Plan, and long-term incentive awards. The 2015 Policy is not significantly different from the 2014 Policy, and in particular, the 2016 Remuneration Report includes a policy summary elaborated in accordance with the standards for Remuneration and the principles set out in the 2016 Shareholders' Meeting.
2016 Remuneration Policy

Pay for CEOEM

In implementing the results of the Shareholders’ Meeting of 2015, in accordance with the provisions of the applicable legislation (Art. 127, co. 6 of the Italian Consolidated Corporate Laws) and the corporate governance rules of the Company, the Board of Directors, after having received the advice of the Financial Committee, approved the remuneration determined by the CEOEM for the term in office.

The Shareholders’ Meeting of 13th May, 2015, in accordance with the provisions of the applicable legislation (Art. 127, co. 6 of the Italian Consolidated Corporate Laws) and the corporate governance rules of the Company, after having received the advice of the Financial Committee, approved the remuneration determined by the CEOEM for the term in office.

Remuneration Report 2016 [Section 3] - Results of the Shareholders’ vote

The Shareholders’ Meeting of 13th May, 2015, in accordance with the provisions of the applicable legislation (Art. 127, co. 6 of the Italian Consolidated Corporate Laws) approved the Remuneration Report 2015 on the remuneration of managers with strategic responsibilities, the financial report on the remuneration for the year 2015, and the remuneration report for the term of office of 2016.

The percentage of
Summary Indicators

Pay mix CEO/GM

In implementation of the resolution of 8th May, 2014 regarding the reduction of the remuneration of directors with delegated powers, the annual remuneration structure of the Chief Executive Officer and General Manager, approved by the Eni Board of Directors Meeting of 28th May, 2014 sets a level of total maximum potential remuneration reduced by 25% compared to the total maximum annual remuneration of the previous term. The pay mix of the maximum potential remuneration of the Chief Executive Officer and General Manager is strongly focused on the variable components, amounting to 79%, with a definite prevalence of the long-term component as the chart shows. It should be noted that the total amount of theoretical maximum annual remuneration of the Chief Executive Officer and General Manager is subject to the attainment of multiple targets that measure the performance of Eni over three years. Therefore the expectation of total remuneration, as well as the actual remuneration, are subject to the combination of multiple factors whose attainment is subject to probabilistic factors of high risk, multi-stakeholders and sustainability in the medium term, adopted in the identification of the targets.

Remuneration, Performance, Sustainability

In the period 2011-2015, Eni provided its shareholders with a Total Shareholder Return of 15.6% compared to 25.6% of the FTSE MIB, while the Peer Group\(^1\) provided an average TSR of 10.2% compared to 43.8% of the average of Stock Exchange benchmarks relevant to peers\(^2\).

The chart shows the comparison between the TSR trend and the CEO/General Manager’s total remuneration for the period 2011-2015.

In 2015, Eni also achieved its sustainability goals and outperformed its injury rate target.

Total Shareholder Return (Eni vs Peer Group and Stock Exchange indices of reference)

Pay for performance analysis (TSR Eni vs CEO/General Manager Total Remuneration 2011-2015\(^1\))

Injury frequency rate for employees and contractors (accidents/hours worked) \(\times 1,000,000\)

[1] Data given in Table 1 of the 2011-2015 Eni Remuneration Reports.
[2] For 2014 fixed remuneration is calculated as the sum of the pro-rata amounts paid to the outgoing CEO and to the incoming CEO.
[3] For 2015 total remuneration also includes incentives accrued by the current CEO/General Manager in his previous role as COO of the E&P Division.

Remuneration Report 2015 (Section I) - Results of the Shareholders’ vote

The Shareholders’ Meeting of 13th May, 2015, in accordance with the provisions of the applicable legislation (Art. 123-ter, paragraph six of Italian Legislative Decree No. 58/98), expressed an advisory vote on the first section of the 2015 Remuneration Report. The percentage of participants voting in favour was, in 2015, 94.35%, vs. an average of 95% votes in favour in the period 2012-2015.

Results of the Shareholders’ Meeting vote on the 2012-2015 Eni Remuneration Report (% voting participants)

Participants voting in favour in 2015, 94.35%, vs. an average of 95% in favour in the period 2012-2015.
Governance of the remuneration process

Bodies and parties involved
The Policy governing the remuneration of members of the Eni Board of Directors is defined in accordance with regulatory and statutory provisions, according to which:
- the Shareholders' Meeting determines the remuneration of the Chairman and of the members of the Board of Directors at the time they are appointed and for the entire duration of their mandate;
- the Board of Directors determines the remuneration of the Directors with delegated powers and of those who participate in Board Committees, after examining the opinion from the Board of Statutory Auditors.
In line with Eni’s governance model, the Board is also responsible for:
- defining the Company's targets and approving the Company’s actual performance against these targets, thereby determining variable remuneration of eligible Directors;
- approving the general criteria for remunerating Managers with strategic responsibilities;
- subject to proposal by the Chairman in agreement with the Chief Executive Officer, defining the remuneration structure of the Internal Audit Manager, in accordance with the remuneration policies of the Company, on receipt of a favourable opinion from the Control and Risk Committee and having examined the opinion from the Board of Statutory Auditors.
In line with the recommendations of the Italian Corporate Governance Code, the Board of Directors is supported by a Committee of independent Non-Executive Directors (the Compensation Committee), which makes proposals and provides advice on remuneration issues.

Eni Compensation Committee

Composition, appointments and tasks
The Eni Compensation Committee was first established by the Board of Directors in 1996. Its composition and appointment, remit and terms of reference are governed by specific rules approved by the Board of Directors and published on the Company website.
In line with the Italian Corporate Governance Code, the Committee is composed of four Non-Executive Directors, all of whom meet the definition of independence contained in the law and Corporate Governance Code; the Regulations also permit that the Committee be composed of a majority of independent Non-Executive Directors, provided that the Chairman be independent. In line with the Corporate Governance Code (Art. 6.P.3.), the Articles also require at least one Committee member to possess adequate knowledge and experience of financial matters or remuneration policies, as assessed by the Board at the time of his or her appointment. This requirement is satisfied, in terms of the current composition of the Committee, by the Chairman.
Below are the details of the composition and meetings of the Committee in 2015.

10 meetings in 2015
Average duration: 2 hours 58 minutes
Average attendance rate: 95%

a) Non-executive, independent Directors, pursuant to law and Corporate Governance Code.
b) Non-executive Directors appointed by the minority list.

The Chief Services & Stakeholder Relations Officer of Eni or, on his behalf, the Executive Vice President Compensation & Benefits, acts as Secretary to the Committee.
The Committee carries out the following recommendatory and advisory functions towards the Board of Directors, consistent with the recommendations of the Corporate Governance Code (Art. 6.P.4 and Art. 6.C.5.):
- submits the Remuneration Report and in particular the Remuneration Policy for Directors and Managers with strategic responsibilities to the Board of Directors for approval, prior to it being presented to the Shareholders' Meeting called to approve the year's financial statements, in accordance with the time limits set by applicable law;
- periodically evaluates the adequacy, overall consistency and effective implementation of the Policy, formulating relevant proposals for the Board of Directors;
- presents proposals for the remuneration of the Chairman and of the Chief Executive Officer, including the various components of compensation and non-cash benefits;
- presents proposals for the remuneration of Board Committee members;
- having examined the Chief Executive Officer's input, proposes general criteria for the compensation of Managers with strategic responsibilities, the annual and long-term incentive plans, including equity-based plans, sets group wide performance objectives and assesses performance against them, thereby determining the variable awards due to Executive Directors pursuant to the implementation of the approved incentive plans;
- monitors the execution of the decisions taken by the Board;
- reports to the Board at least once every six months regarding the activities out of the Committee.

[9] For more information regarding the Eni governance system, please refer to the "Corporate Governance Report" published in the "Governance" section of the Company website.
[10] The rules of the Compensation Committee are available in the "Governance" section of the Company's website, at the following address: http://www.eni.com/en/IT/governance/board-of-directors/bod-committees/committees.shtml
Furthermore, in exercising its functions, the Committee may issues opinions as required by Company procedure in relation to operations with related parties, in accordance with specified procedures.

**Operating Procedures**

The Committee meets as often as necessary to fulfil its functions, usually on the dates established in the annual meeting schedule approved by the Committee itself, and in the presence of at least the majority of its current members. The Chairman of the Committee calls and chairs the meetings; in case of absence or impediment, the meeting is chaired by the oldest attending member. The Committee decides with an absolute majority of those present; in the case of tied votes, the Committee Chairman has a casting vote. The Committee Secretary, who may be assisted in this function by the Executive Vice President Compensation & Benefits, produces the minutes of the meetings.

The Chairman of the Board of Statutory Auditors (or another Statutory Auditor appointed by said Chairman) may attend the meetings of the Committee. Other Statutory Auditors may also participate when the Committee discusses matters for which the Board of Directors decides jointly with the mandatory opinion of the Board of Statutory Auditors. Meetings may be attended, at the invitation of the Chairman of the Committee, by the Chairman of the Board of Directors and the Chief Executive Officer; at the request of the Chairman of the Committee, the meetings may also be attended by Managers of the Company or other persons, including other members of the Board of Directors, to provide information and feedback on individual agenda items.

No Director may participate in Committee meetings in which proposals are submitted to the Board relating to his or her own personal remuneration. The provisions applicable to related-party transactions remain unchanged.

The Committee has the right to access the information and Company managers necessary to perform its duties, and to make use of external consultants whose independence is assured, within the terms and limits of the budget set by the Board of Directors.

**Cycle of the Compensation Committee’s Activities**

The Committee’s activities are carried out in line with an annual programme, which involves the following steps:

- verifying the adequacy, overall consistency and effective application of the Policy adopted in the previous year, in relation to results achieved and to compensation benchmark studies provided by specialist external providers;
- defining the policy proposals for the following year, as well as performance targets linked to the short and long-term incentive plans;
- issuing recommendation regarding the implementation of the existing short and long-term variable incentive plans, following an evaluation of results obtained versus performance targets;
- preparing the Remuneration Report for submission to the annual Shareholders’ Meeting, subject to approval of the Board of Directors;
- analysing the voting results obtained at the Shareholders’ Meeting regarding the Policy;
- monitoring developments in the wider regulatory environment and the voting policies of the leading proxy advisors and institutional investors, as part of preliminary activities planned in support of the proposed Policy for the following year.

**Performed and planned activities**

During 2015, the Compensation Committee met a total of 10 times, with an average attendance of 95% of its members and an average duration of 2 hours 58 minutes. All the Committee meetings were attended by at least one member of the Board of Statutory Auditors. Earlier in the year, the Committee focused its activities in particular on the following topics:

i) periodic assessment of the Remuneration Policy implemented in 2014, with a view to defining proposed Policy Guidelines for 2015;

ii) review, with the support of leading law firms, of the implementation criteria of the previously-adopted clawback policy, followed by revisions aimed at aligning it with recommendations introduced in July 2014 by the Italian Corporate Governance Code [Art. 6.C.1.f], and making its implementation more effective;

---

**Compensation Committee activity cycle**

- **November to December**
  - Monitoring of the regulatory framework and the voting policies of the major proxy advisors and institutional investors

- **September**
  - Implementation of the Long-Term Monetary Incentive Plan (TIM)

- **July**
  - Review of the results of the Shareholders’ Meeting vote on the planned Remuneration Policy

- **January**
  - Review of the Policy adopted in the previous year
  - Definition of the targets related to the variable incentive plans
  - Definition of the Remuneration Policy

- **February - March**
  - Final review of performance vs variable incentive plan targets
  - Implementation of the 2013 Deferred Monetary Incentive Plan (DIM)
  - Preparation of the Remuneration Report

- **April - May**
  - Presentation of the Remuneration Report to the Shareholders’ Meeting
iii) review of 2014 corporate results and definition of 2015 performance targets relevant to the variable incentive plans;  
iv) definition of proposals for the implementation of the Deferred Monetary Incentive Plan for the Chief Executive Officer and General Manager as well as other senior executives;  
v) review of the 2015 Eni Remuneration report;  
vi) review and approval of the adjustment method used to monitor Company performance, in order to eliminate exogenous effects, and thereby ensure appropriate comparability of results and assessment against previously-defined targets;  
vii) verification of the non-competition agreement entered into with the outgoing Chief Executive Officer;  
viii) review of the shareholder engagement process in order to maximize the degree of voting approval obtained on the 2015 Remuneration Policy.

In the second part of the year the Committee primarily analysed the results of the 2015 Shareholder Meeting season, with a focus on Eni in relation to leading Italian and European listed companies as well as its oil&gas Company peer group. In addition, the Committee:

i) analysed regulatory developments regarding executive compensation, particularly with regard to the US Securities Exchange Commission’s recent proposals on clawbacks;  
ii) finalised the implementation proposal (2015 assignment) of the Deferred Monetary Incentive Plan for the Chief Executive Officer and General Manager and other key executives;  
iii) carried out a preliminary review of relevant compensation benchmarks, updated to 2015, for top management;  
iv) received periodic updates on the evolution of relevant regulatory developments;

v) reviewed the voting policies of the leading proxy advisors and benchmark studies of remuneration reports published nationally and internationally in 2015;
vi) reviewed results of management's initial engagement outreach in preparation for the 2016 Shareholders' Meeting season.

For 2016, the Committee has scheduled a total of eight meetings, four of which have already been held as of the date of approval of this Report, and that have focused in particular on: i) review of the Remuneration Policy implemented in 2015, in accordance with the Corporate Governance Code (Art. 6.C.5), as well as the definition of new Policy proposals for 2016; ii) actual performance obtained against targets and the definition of new targets linked to the implementation of the short and long-term variable incentive plans; iii) finalisation of proposals for the implementation of the Annual Variable Incentive Plan and the Deferred Monetary Incentive Plan (2016 awards) for the Chief Executive Officer and General Manager as well as other senior managers; iv) review of this Report for the purpose of submitting it for approval by the Board of Directors.

The Committee will examine the results of the 2016 Shareholder's Meeting season, and will implement the LMI Plan for the Chief Executive Officer and General Manager and key executives in the second half of 2016, as per the annual programme of activities.

The Committee will also initiate preparation of new policy proposals for the Board’s next mandate, to include consideration of the possible introduction of a new equity-based long-term incentive plan.

The Committee shall report to the Board of Directors on the results of each of its meetings at each subsequent full Board meeting, in addition to providing half-yearly updates. It will also report to the annual Shareholders’ Meeting, via its Chairman or another member appointed by the Chairman, as per requirements of the Italian Corporate Governance Code, in the spirit of building a constructive dialogue with shareholders.

Full information regarding the remuneration of Directors and management is available under the "Remuneration" heading of the "Governance" section of the Company website (www.eni.com).

Remuneration Policy 2016 approval process
The Compensation Committee, in exercising its responsibilities, focused on defining the structure and contents of the Remuneration Policy for purposes of preparing this Report, particularly at meetings held on 14th January, 15th and 18th February and 1st March, 2016, in accordance with the recommendations of the Italian Corporate Governance Code. In taking its decisions, the Committee reviewed the adequacy, overall consistency and effective implementation of the Guidelines Policy approved for 2015 and, as regards Committee member compensation, the decisions taken regarding the renewal of the corporate bodies. In preparing this Report, it also considered national and international disclosure standards, as well as compensation benchmarks prepared by independent international consultants in the preliminary analysis for the 2016 Remuneration Policy proposals. The 2016 Eni Remuneration Policy for Directors and other Managers with strategic responsibilities was approved by the Board of Directors at their meeting on 17th March, 2016 on recommendation of the Compensation Committee, as along with approval of this Report.

The remuneration policies defined are implemented, in accordance with the instructions from the Board of Directors, by the delegated bodies with assistance from the relevant Company departments.

Purpose and general principles of the Remuneration Policy

Purpose
The Eni Remuneration Policy is defined in accordance with the governance model adopted by the Company and with the recommendations of the Italian Corporate Governance Code (referred to below in the main implementation Principles and Criteria), in order to attract, motivate and retain individuals of high professional and managerial standing (Art. 6.P.1) and ensure alignment of management interests with the primary goal of creating value for shareholders over the medium to long term (Art. 6.P.2).

Eni’s Remuneration Policy contributes to achieving the Company's mission, values, and strategies, by:
- promoting actions and conduct that reflect the Company’s values and culture, consistent with the principles of diversity, equal opportunity, non-discrimination, recognition of the knowledge and skills of individuals, fairness and integrity, as described in the Code of Ethics11 and the Eni Policy "Our People"12;
- recognising roles and responsibilities, results, and the quality of professional contribution, taking into account the operating environment and relevant market pay scales;
- defining incentive structures that are tied to the sustainable long-term achievement of financial, business development, operational and individual objectives, consistent with the Company's Strategic Plan.

General principles
In pursuing the above, the remuneration of Directors and key executives is defined in line with the following principles and criteria:

Remuneration of Non-Executive Directors
Remuneration of Non-Executive Directors is commensurate with the effort required in relation to participation in Board Committees set up in accordance with the Articles of Association (Art. 6.P.2), with appropriate differentiation between the remuneration afforded Committee Chairmen and that of fellow Committee Members, in view of the different roles respectively held regarding coordination of work and relationships with Corporate bodies and managerial teams; unless decided otherwise by the Shareholders’ Meeting, Non-Executive Directors are not beneficiaries of variable incentive plans, including equity-based (Art. 6.C.4).

---

12 Policy approved by the Board of Directors on 28th July, 2010.
Remuneration of the Chief Executive Officer and the Managers with strategic responsibilities

The remuneration packages for the Chief Executive Officer and Managers with strategic responsibilities are appropriately balanced between: i) a fixed component that is consistent with role and/or responsibilities, as well as adequate in the event of non-payment of the variable component [Art. 6.C.1.c], and ii) a variable component that is defined within maximum limits [Art. 6.C.1.b], aimed at aligning remuneration with performance, and takes account of the risk profiles of the business [Art. 6.C.1.a].

Consistency with market references

Total remuneration packages aim for consistency with standard market values applicable for positions or roles of similar level of responsibility and complexity, based on panels of relevant comparators that were developed through benchmarking analysis carried out by international remuneration advisors.

Variable remuneration geared towards sustainability of results over the long-term

Executive roles with the greatest influence on business performance are characterised by variable remuneration containing a significant percentage of incentive components, particularly long-term awards [Art. 6.P.2]. These incentives are deferred over a period of at least three years in line, with the long-term nature of the business activities performed and the associated risk profiles [Art. 6.C.1.e].

Predetermined, balanced and measurable targets

Targets related to variable remuneration are strongly results-oriented, and are set prospectively, measurable and mutually complementary, in order to fully capture the priorities that underpin the Company’s overall performance, consistent with the four-year Strategic Plan and the expectations of shareholders and stakeholders [Art. 6.C.1.d]. These targets are defined so as to ensure:

i) annual performance assessment, on the basis of a balanced scorecard that values the overall business and individual performance, defined in relation to targets specific to each area of responsibility, and for those in charge of internal audit responsibilities, in line with their specific assigned role [Art. 6.C.3];

ii) the definition of long-term incentive plans that allow Company performance to be evaluated both in absolute terms, i.e. based on the capacity to generate sustained growth in profitability, and in relative terms compared to a peer group, by way of ranking against Eni’s main international competitors.

Consistency with actual performance

Incentives awarded linked to variable remuneration are made pursuant to a detailed verification process that assesses performance against assigned targets, net of the effects of exogenous variables[13], in order to recognise actual value-added attributable to managerial actions.

Benefits in line with market practices

Non-cash benefits are consistent with remuneration practices applicable in the relevant reference markets, in line with local regulation, taking into account the roles and/or responsibilities assigned, favouring social security and insurance components.

Severance indemnities and non-competition agreements within the limits set to protect the Company’s interests

To the extent that additional payments may be awarded upon termination of employment and/or mandate for executive roles, and non-competition agreements for roles at greater risk of “poaching” by competitors, these are defined in terms of a certain amount or a number of years of remuneration, in line with the remuneration received and the performance achieved, as per recommendations set forth in the implementation criteria [Art. 6.C.1.g] of the Italian Corporate Governance Code.

Clawback clauses applicable to data misstatements or to intentional and significant violations

At the recommendation of the Committee, the Board has approved a revised Clawback Policy[14] that provides for the variable component of remuneration, if already paid, to be reclaimed, and if still subject to deferral, to be withheld, in instances where results underpinning such awards were based on data which subsequently proved to be manifestly misstated [Art. 6.C.1.f], and/or where subsequent checks confirm a deliberate intent to fraudulently alter data on which incentives have been calculated; and/or where the individual is deemed to have committed serious and deliberate violations of the law and/or regulations, the Eni Code of Ethics or Company procedures, where relevant to the employment and trust relationship. The Policy allows the recoupment of all incentives for the year (or years) in which the behaviours are deemed to have occurred, and applies without prejudice to any other action permitted by law and regulations to protect the interests of the Company. The Clawback Policy provides that the activation of recoupment claims (or withdrawal of incentives awarded but not yet paid) must take place, once appropriate verification has been completed, within three years of payment (or award) in cases of error, and within five years in cases of deliberate intent to defraud.

Remuneration Policy Guidelines 2016

The guidelines for the 2016 Remuneration Policy for Directors with delegated powers reflect the decisions made by the Board of Directors on 28th May, 2014, following the election of a new Board on 8th May, 2014, as well as the Annual Shareholders’ Meeting resolutions of 8th May, 2014, regarding the reduction in

---

[13] Exogenous variables are those events that, due to their nature or through Company choice, are not under the control of the managers, such as, for example, Oil & Gas prices, the euro/dollar exchange rate.

the remuneration of Directors with delegated powers pursuant to Article 84-ter of Law No. 98/2013, and the approval of the 2014-2016 Long-Term Monetary Incentive Plan under Art. 114-bis of the Consolidated Law on Financial Intermediation. For Managers with strategic responsibilities, the 2016 Guidelines provide for the same instruments used in 2015, in particular the short and long-term incentive plans, which are consistent with of the reward structure adopted for the Chief Executive Officer and General Manager. As before, these seek to align managerial actions with the targets defined in the Company’s Strategic Plan. To ensure greater alignment with investor interests, the Committee is considering, for adoption as of the next mandate, the potential introduction of a Stock Incentive Plan to replace the current Long-Term Monetary Plan, as well as amendments to the deferred monetary incentive plan based on evolving standards of market best practice.

Market references
For the Chairman, Non-Executive Directors and the Chief Executive Officer and General Manager, the positioning of the Company’s remuneration is assessed by comparing similar roles in the following main comparator groups:

i) Oil & Gas Panel: main listed companies in the Oil & Gas sector, Eni’s competitors at international level and of comparable median size (Exxon, Shell, Chevron, Total, BP, Conoco Phillips, Anadarko, Repsol, Marathon Petroleum, Marathon Oil, Tullow Oil).

ii) Top Europe Panel: main listed European companies, of median size comparable to Eni, excluding companies in the financial, insurance and luxury sectors (Shell, BHP Billiton, Total, BP, Bayer, Volkswagen, GlaxoSmithKline, British American Tobacco, Siemens, Vodafone, AstraZeneca, Daimler, Rio Tinto, BASF, Deutsche Telekom, BMW, Telefonica, Glencore, Reckitt Benckiser, National Grid, British Telecom, British Gas).

iii) Top Italy Panel: main companies listed on the FTSE MIB, excluding companies in the financial, insurance and luxury sectors (Enel, Telecom Italia, FCA, Piëril, Finmeccanica, Snam, Irena, Prysmian, Luxottica, Atlantia, Mediaset).

For Managers with strategic responsibilities, positioning is assessed by comparing roles with a comparable degree of responsibility and managerial complexity in the national, international and Oil & Gas markets, applying the same methods employed for the top management.

Chairman of the Board of Directors

Remuneration of the Chairman for the delegated powers
The Policy Guidelines for the Chairman of the Board of Directors reflect the decisions taken by the Board of Directors on 28th May, 2014, which defined a fixed remuneration for the delegated powers amounting to 148,000 Euros, in addition to remuneration for the position determined by the Shareholders’ Meeting on 8th May, 2014 amounting to 90,000 Euros, in compliance with the maximum of 238,000 Euros defined by the same Shareholders’ Meeting. These Guidelines do not provide for variable remuneration.

Payments due in the event of termination of office or employment
No specific terminal payments are envisaged for the Chairman, nor do any agreements exist for indemnities in the case of early termination of the mandate.

Benefits
For the Chairman, the Remuneration Policy Guidelines provide, in line with decisions taken by the Board of Directors on 28th May, 2014, insurance coverage for the risk of death and permanent disability.

Non-Executive Directors

Remuneration for participation in Board Committees
The Policy Guidelines for Non-Executive and/or Independent Directors provide for the maintenance of an additional annual remuneration for participating in Board Committees, as follows:

- for the Control and Risk Committee, annual remuneration consists of 60,000 Euros for the Chairman and 40,000 Euros for fellow members;
- for the Compensation Committee, the Sustainability and Scenarios Committee and the Nominations Committee, remuneration consists of 30,000 Euros for the respective Chairmen and 20,000 Euros for fellow members.

Payments due in the event of termination of office or employment
No specific terminal payments are provided for Non-Executive Directors, nor do any indemnities apply in case of early termination of mandate.

Chief Executive Officer and General Manager
For the Chief Executive Officer and General Manager, the Policy Guidelines reflect the resolutions passed by the Board of Directors on 28th May, 2014 for the current term, taking into account the specific delegated powers granted in accordance with the Articles of Association, the instructions contained in the chapter “Principles and general purposes of the Remuneration Policy”, as well as the 25% reduction of the maximum payable overall remuneration of the previous mandate, in accordance with the Shareholder’s resolution of 8th May, 2014. The remuneration envisaged by the Board in relation to the delegated powers includes both the compensation for Directors determined by the Shareholders’ Meeting on the May 8, 2014, as well as any compensation that may be due for participating in the Board of Directors of Eni’s subsidiaries or associated companies.

(15) In view of the reference to this Report contained in the Report on Corporate Governance and Ownership Structures 2015, available in the Governance section of the Company website (www.eni.com), such information is provided also under Art. 123-bis, paragraph 1, subparagraph i) of the TUF (Agreements between the Company and the directors, the members of the management or supervisory board, providing for compensation in case of resignation or dismissal without just cause or if their relationship is terminated following a public purchase offer).

(16) This remuneration supplements the one established by the Shareholders’ Meeting of 8th May, 2014 for the remuneration of Non-Executive Directors, amounting to 80,000 Euros annual gross.

(17) Information also provided under Art. 123-bis, paragraph 1, subparagraph i) of the TUF, as set out in note 15.
Fixed remuneration
Total fixed remuneration is set at a gross annual amount equal to 1,350,000 Euros, of which 550,000 Euros for the position of Chief Executive Officer and 800,000 Euros for the position of General Manager.
In his capacity as Eni Senior Manager, the General Manager is also entitled to receive an indemnity for travel, in Italy and abroad, in line with applicable provisions under the relevant national collective labour agreement for senior managers, in addition to supplementary Company level agreements.

Annual variable incentive
The 2016 annual variable incentive plan is linked to the achievement of predefined targets for 2015 as described in the 2015 Remuneration Report, measured according to a performance scale of 70 to 130 points, in relation to the weight assigned to each target (below 70 points, the performance of each target is considered to be zero). For purposes of the incentive award, the minimum overall performance is 85 points. This Plan provides for remuneration calculated with reference to a minimum incentive level (performance = 85), target (performance = 100) and maximum (performance = 130), respectively equal to 85%, 100% and 130% of base salary, as determined by results achieved by Eni over the previous year.
The 2016 targets approved at the Board Meeting of 17th March, 2016 for the 2017 annual variable incentive plan provide for a structure focused on the essential goals consistent with the guidelines outlined in the Strategic Plan and balanced against the prospects of interest to the various stakeholders. The structure and weighting of these different targets are presented in the table below. The value of each objective, at target performance level, is aligned with the budgeted value.

Long-term variable incentives
The long-term variable component consists of two distinct plans:
- The Deferred Monetary Incentive Plan (DMI), also applicable to all senior managers of the Company, with annual assignments over a three-year period, starting in 2015 and linked to Company performance measured in terms of Earnings Before Taxes (EBT). Conditions of the Plan include: i) that the annual incentive be based on EBT results achieved by the Company in the previous year, measured on a 70-130 performance scale, for a minimum, target and maximum value equal to 34.4%, 49.2% and 64%, respectively, of total fixed remuneration. If results fall below the minimum performance level, no award is made; ii) that the incentive award due at the end of the three-year vesting period be based on the average of annual EBT results achieved during the vesting period, as a percentage between zero and 170% of the assigned value, according to the performance scale given below. Where results are below the minimum EBT, the performance is considered to be zero. The value of the EBT, at target performance level, is aligned with the budgeted value.

- The Long-Term Monetary Incentive Plan (LTMI) approved at the Shareholders’ Meeting of 8th May, 2014, also provided for senior managers deemed critical to the business to be eligible for three annual awards beginning in 2014, linked to the performance metrics of Total Shareholder Return (TSR) and Net Present Value of proven reserves, measured in relative terms compared to the designated peer group. These metrics, in line with international best practices, are designed to maximise alignment with the interests of shareholders and enable more sustainable value creation in the medium to long term. The conditions of the Plan include: i) that the annual award be equal to 100% of overall fixed remuneration; ii) that the award due at the end of the three-year vesting period be determined in relation to results achieved in terms of the relative ranking of TSR (weighted at 60%) and of the NPV of proven reserves (weighted at 40%) versus a peer group consisting of the following leading international Oil & Gas companies: Exxon, Chevron, Shell, BP, Total and Repsol.

[18] The managers of Eni and its subsidiaries identified during the annual implementation of the Plan among those who occupy the positions that are most directly responsible for the business performance or that are of strategic interest and who, at the date of allocation, are employees and/or in the service of Eni SpA and its subsidiaries, including Eni SpA Managers with strategic responsibilities.
[19] The Total Shareholder Return (TSR) measures the overall return of a stock investment, taking into consideration both the price change and the dividends paid and reinvested in the same stock, in a specific period.
[20] The Net Present Value represents the present value of the future cash flows of proved hydrocarbon reserves, net of future production and development costs and related taxes. It is calculated on the basis of standard references defined by the Securities Exchange Commission on the basis of the data published by oil companies within the official documentation (Form 10-K and Form 20-F).
The actual award is determined as a percentage of the maximum potential amount, by calculating the arithmetic average of the three annual multipliers, each of which is in turn determined during the vesting period based on the ranking achieved in that year versus the peer group. The annual multipliers are determined according to the following scale: 1st place = 130%; 2nd place = 115%; 3rd place = 100%; 4th place = 85%; 5th place = 70%; 6th and 7th place = 0%. The minimum incentive threshold involves reaching 5th place for both indicators in at least one year of the three-year vesting period.

Both Plans envisage that, should the recipient’s current mandate not be renewed, the payment of each award will occur at the natural expiry of the related vesting period, in accordance with the performance conditions defined in the Plan.

Benefits
For the Chief Executive Officer and General Manager, the Policy Guidelines provide for insurance coverage for the risk of death or permanent disability, and, per provisions contained in the national collective labour agreement and the supplementary corporate agreements for Eni senior managers, enrolment in the supplementary pension plan (FOPDIRE) as well as the supplementary health plan (FISDE), together with a Company car for business and personal use.

Pay mix
The remuneration package for the Chief Executive Officer and General Manager includes a fixed component, a short-term variable component and a long-term variable component. The pay mix is significantly focused on the variable components, with a dominant weighting accorded to the long-term component, as shown in the chart.

Payments due in the event of termination of office or employment
For the Chief Executive Officer and General Manager, in line with sector practice and with the provisions of the European Commission Recommendation No. 385 of 30th April, 2009, as well as to protect the Company from potential competitive risks, the Policy provides for the following payments:

- An indemnity supplementing the severance award, with mutual exemption from notice, is payable upon termination of the employment relationship, due to non-renewal or early termination of the 2014-2017 administrative mandate, including in the event of resignation due to substantive reduction of delegated powers. This indemnity is equal to two years of total fixed remuneration (1,350,000 Euros), for a total gross amount equal to 2,700,000 Euros. Moreover, consistent with both recommendation 6.C.1.g of the Italian Corporate Governance Code and contractually-agreed terms within the Chief Executive Officer’s employment contract, such compensation is not due in the event of dismissal for “just cause” under Art. 2119 of the Italian Civil Code, or in the event of his resignation as Chief Executive Officer prior to the expiry of his mandate, unless triggered by either the above-referenced reduction of delegated powers or in the event of death as governed by Art. 2122 of the Italian Civil Code;

- A Non-Competition Agreement to protect the Company’s interests can be activated at the sole discretion of the Board of Directors through the exercise of an option right, the validity of which applies only as of the onset of a second mandate (if awarded), in exchange for a total option fee of 500,000 Euros gross, to be disbursed progressively over three annual instalments. If this option is exercised by the Board and the agreement therefore implemented, the amount of the non-compete award is paid subject to a commitment by the Chief Executive Officer and General Manager not to undertake, for a twelve-month period following the termination of the employment relationship, any Exploration & Production activities potentially in competition with Eni in key markets in Europe, America, Asia and Africa. This amount will be determined by the Board of Directors as the sum of two components: i) a fixed component of 1,500,000 Euros; ii) a linearly-determined variable component based on the average annual performance of the previous three years [equal to 0 for performance below or equal to the targets and to 750,000 Euros for maximum performance], and will be paid at the expiry of the term of the agreement. The variable component is calculated by taking into consideration the annual

performance related to the annual Variable Incentive Plan. Any violation of the Non-Competition Agreement will involve the non-payment of the consideration (or its restitution, where the violation is identified by Eni after the payment), and the obligation to pay damages set by mutual agreement at an amount equal to twice the amount of the Non-Competition Agreement, without prejudice to Eni’s legal right to seek further restitution of damages.

Managers with strategic responsibilities

**Fixed remuneration**
Fixed remuneration is determined on the basis of assigned roles and responsibilities, and reflects graduated and a generally median to below-median positioning versus national and international executive markets for comparable roles; it may be updated periodically during the annual salary review for all managers.

The 2016 Guidelines, given current market comparators and trends, provide for a selective approach to recruitment, while maintaining appropriate levels to ensure competitiveness and motivation. In particular, the proposed actions will include measures to adjust fixed/one-off remuneration for those in positions that have seen a significant increase in responsibility or scope, as well as to reflect retention needs and excellent quality performance.

In addition, as Eni officers, Managers with strategic responsibilities are entitled to receive the indemnities due for travel in Italy and abroad, in line with applicable provisions of the relevant national collective labour agreement for senior managers and supplementary Company agreements.

**Annual variable incentive**
The annual variable incentive plan provides for remuneration to be awarded in 2015, calculated on the basis of performance against targets for business areas and individuals achieved in the previous year. This is measured in accordance with a performance scale of 70 to 130 points, with a minimum incentive level equal to 85 points, below which no incentive is due, as described above in relation to the formula applied to the Chief Executive Officer and General Manager. The target incentive level (performance = 100) differs by up to a maximum of 60% of base salary, depending on the individual role.

The targets set for the Managers with strategic responsibilities are consistent with those assigned to the Chief Executive Officer and General Manager, and are focused for each business area on a set of financial, operational and industrial, internal efficiency and sustainability metrics (in terms of health and safety, environmental protection and stakeholder relations), as well as on relevant individual targets, consistent with the provisions of the Company’s Strategic Plan.

**Long-term variable incentives**
The Managers with strategic responsibilities, in line with the provisions for the Chief Executive Officer and General Manager, are eligible for the 2015-2017 Deferred Monetary Incentive Plan (DMI) approved by the Board of Directors on 12th March 2015, and the 2014-2016 Long-Term Monetary Incentive Plan (LTMI) approved by the Board of Directors on 12th February, 2014 and by the Shareholders’ Meeting on 8th May, 2014. The Plans have the following characteristics:

- **The 2015-2017 Deferred Monetary Incentive Plan** for senior managers takes effect solely in the event that they deliver against performance targets established in the annual Variable Incentive Plan (threshold target). The Plan provides for three annual awards, starting in 2015, with the same performance conditions and characteristics as those described above for the Chief Executive Officer and General Manager. For the Managers with strategic responsibilities, each annual award is set in relation to the EBT results achieved by the Company in the previous year, measured on a performance scale of 70 to 130 points. The target incentive level differs, based on the role, by up to a maximum of 40% of base salary. The award due at the end of the three-year vesting period is determined on the basis of the average annual EBT results achieved during the three-year period, as a percentage between zero and 170% of the assigned value.

- **The 2014-2016 Long-Term Monetary Incentive Plan**, for the managerial resources deemed critical for the business, comprises three annual awards, starting in 2014, with the same performance conditions and characteristics as described above in relation to the Chief Executive Officer and General Manager’s LTMI. For Managers with strategic responsibilities, the annual award differs depending upon seniority up to a maximum of 75% of base salary. The total award due at the end of the three-year vesting period is determined in relation to the results of the identified parameters [TSR with a weighting of 60% and NPV of proved reserves with a weighting of 40%] in the three-year period in question in relative terms compared to the peer group, as a percentage between zero and 130% of the assigned value.

Both Plans include clauses aimed at promoting employee retention. In particular, they allow, in cases of mutually-agreed separation, transfer and/or loss of control by Eni of the Company employing the individual prior to the end of the vesting period, that the employee maintain the right to the award, albeit to a reduced extent based on the length of time between the grant of the award and the occurrence of these events, as well as based on the actual results achieved over the relevant period; no payment is envisaged in the case of unilateral termination of employment.

**Benefits**
For Managers with strategic responsibilities, in line with the policy implemented in 2014 as well as provisions in the national collective labour agreement and supplementary Company-level agreements for Eni managers, the Policy Guidelines provide for enrolment in the supplementary pension plan (FOPDIRE) and health plan (FISDE), as well as insurance coverage in case of death or disability, together with a Company car for business and personal use, and the possible assignment of housing based on operational and mobility requirements.
**Pay mix**
The average pay mix of the remuneration package for Managers with strategic responsibilities highlights the balance between the fixed and variable components and, as regards the latter, the greater weighting of medium-long term variable incentives, in line with global best practice.

**Payment due in the event of termination of employment**
Managers with strategic responsibilities, as well Eni senior managers, are entitled to the payment due for employment termination, as per applicable national collective labour agreement, together with any other additional severance indemnity agreed upon on an individual basis, according to the criteria established by Eni for cases of early resolution, within the protection limits envisaged by the applicable national collective labour agreement. These criteria take into account the position held, the retirement age and the actual age of the manager at the time when the employment is terminated and the annual remuneration received. For cases of termination that present high competitive risks relating to the criticality of the position held by the Manager, agreements containing non-competition clauses may also be entered into, with payments defined in relation to the remuneration received and the conditions of duration and efficacy of the agreement.
Implementation of the 2015 remuneration policies

Following is a description of the remuneration decisions taken in 2015 in relation to the Chairman of the Board of Directors, Non-Executive Directors, Chief Executive Officer and General Manager and Managers with strategic responsibilities, in relation to their time in office. The implementation of the 2015 remuneration policy, as verified by the Compensation Committee at the regular assessment required by the Corporate Governance Code, was found to be consistent with the 2015 Remuneration Policy and approved by the Board of Directors on 12th March, 2015. This takes into account the decisions taken by the Board of Directors on 9th and 28th May, 2014 on the remuneration of Non-Executive Directors called to join Board Committees and on the definition of the remuneration of Directors with delegated powers, in accordance with the resolutions passed at the Shareholders’ Meeting in accordance with Law No. 98/2013.

Performance verification for the Variable Incentive Plans

Annual Variable Incentive Plan (AVI)
The 2015 annual incentive awards were paid, based on the actual results achieved against targets set for 2014 in line with the Strategic Plan and the annual budget, and following constant assessment. In particular, the approved figures for the targets assigned to the Chief Executive Officer and General Manager were approved by the Board, per recommendation of the Compensation Committee, at the meeting held on 12th March, 2015 and led to determining a performance score of 123 points in the measurement scale used, which provides for target and maximum performance levels of 100 and 130 points, respectively. The table shows the weights and performance levels achieved of each objective.

Deferred Monetary Incentive Plan (DMI)

2015 DMI Assigned
The Board of Directors, at its meeting of 12th March, 2015, based on verification and recommendation by the Compensation Committee, confirmed the achievement of a 2014 EBT result (measured on a constant basis) above the target level; this led to the application of a 130% multiplier to the defined target percentage for the 2015 DMI award.

2012 DMI Paid
The Board of Directors, at its meeting of 12th March, 2015, based on verification and recommendation by the Compensation Committee, confirmed an Eni 2014 EBITDA result above the target level; this led it to apply a 170% annual multiplier to the 2014 result, and consequently, in relation to the already approved 2012 and 2013 results, an average three-year multiplier of 123%, to be applied to the incentives awarded in 2012, for purposes of the 2015 award. The table below shows the results achieved over the vesting period.

Remuneration paid to Directors

Chairman of the Board of Directors
Emma Marcegaglia

Fixed remuneration
The Chairman was paid the fixed remuneration approved for the office at the Shareholders’ Meeting of 8th May 2014 of 80,000 Euros gross and the remuneration approved by the Board of Directors Meeting of 28th May 2014, in relation to the delegated powers, amounting to 148,000 Euros gross.

Benefits
The Chairman was given insurance coverage against the risk of death and permanent disability, in accordance with the resolution of the Board of Directors Meeting of 28th May 2014.

Non-Executive Directors
The Directors were paid the fixed remuneration approved at the Shareholders’ Meeting of 8th May 2014 of 80,000 Euros gross. Additional remuneration payable for participation in Board Committees, as approved by the Board of Directors on 12th March 2015, was also paid. These are detailed in Table 1 under the item “Remuneration for participation in the Committees”.

Chief Executive Officer and General Manager
Claudio Descalzi

Claudio Descalzi has held the office of Chief Executive Officer and General Manager since 9th May, 2014, and before then held the office of COO of the E&P Division. Therefore, during 2015 Claudio Descalzi received remuneration related to his current role of Chief Executive Officer and General Manager and the variable incentives accrued during his previous role, as detailed below.

Fixed remuneration
The Chief Executive Officer and General Manager was paid the fixed remuneration approved by the Board of Directors Meeting of 28th May 2014, which also includes the remuneration approved at the Shareholders’ Meeting for all the Directors, equal to a total gross annual amount of 1,350,000 Euros.

Annual variable incentive
In line with the 2015 Remuneration Policy, the Chief Executive Officer and General Manager was paid a gross annual variable incentive of 1,070,000 Euros associated with the performance achieved during 2014 [123 points], determined on a pro-rata basis for the period in which he held office from 9th May, 2014 to 31st December, 2014.

In addition, in relation solely to Claudio Descalzi’s role as COO of the E&P Division held from 1st January, 2014 to 8th May, 2014, the Company paid him a gross annual monetary incentive of 366,000 Euros associated with the performance achieved by the E&P Division in 2014, determined on a pro-rata basis for the period in which he held office, in accordance with the Remuneration Policy defined for Chief Operating Officers and other Managers with strategic responsibilities.

Deferred Monetary Incentive Plan
For the Chief Executive Officer and General Manager, the Board of Directors at its meeting of 12th March, 2015, as proposed by the Compensation Committee and in accordance with the 2015 Remuneration Policy, approved the grant of the 2015 deferred monetary incentive award of 864,000 Euros gross, calculated based on the 2014 EBIT results approved by the Board of Directors. Furthermore, in 2015, the Deferred Monetary Incentive award granted in 2012 to Claudio Descalzi, as COO of the E&P Division, reached maturity, resulting in a gross amount paid equal to 476,000 Euros.

Long-Term Monetary Incentive Plan
For the Chief Executive Officer and General Manager, the Board of Directors at its meeting of 17th September, 2015, as proposed by the Compensation Committee and in accordance with the Remuneration Policy 2015, approved the grant of the 2015 long-term monetary incentive award of 1,350,000 Euros gross. Furthermore, in 2015 the Long-Term Monetary Incentive award granted in 2012 to Claudio Descalzi, as COO of the E&P Division, reached maturity and the gross amount paid equalled 221,000 Euros.

Benefits
For the Chief Executive Officer and General Manager, in line with the resolution of the Board of Directors Meeting on 28th May, 2014, insurance coverage was also provided for the risk of death or permanent disability, and in compliance with the provisions of the national collective labour agreement and the supplementary corporate agreements for Eni senior managers, enrolment in the supplementary pension plan (FOPDIRE) as well as supplementary health plan (FISDE), together with a Company car for business and personal use.

In 2015 Claudio Descalzi, for his role as Chief Executive Officer and General Manager, received a total of 2,435,000 Euros and, for his previous role as COO of the E&P Division (held until 8th May, 2014), 1,063,000 Euros for the variable incentives accrued; consequently, the total amount received was 3,498,000 Euros, as shown in the table below.

Remuneration paid to Managers with strategic responsibilities

**Fixed remuneration**

For the current Managers with strategic responsibilities, within the context of the annual salary review process envisaged for all managers, in 2015 selective adjustments were made to fixed remuneration, in cases of promotion to more senior levels, or in line with necessary market-driven adjustments. The total gross value of the fixed remuneration paid in 2015 to Managers with strategic responsibilities is shown in Table 1 in the chapter "Compensation paid in 2015", under the item "Fixed compensation".

**Annual variable incentive**

In March 2015, annual variable incentives were paid to Managers with strategic responsibilities in accordance with the Remuneration Policy and based on performance achieved in 2014. In particular, the incentive is linked to performance against a range of metrics related to business and sustainability objectives (safety, environmental protection, stakeholder relations), as well as relevant individual, consistent with the provisions of the 2014 Eni Performance Plan. The total gross value of the incentives paid in 2015 to Managers with strategic responsibilities is shown in Table 2 in the chapter "Compensation paid in 2015", under the item "Bonus for the year - payable/paid".

**Deferred Monetary Incentive Plan**

Managers with strategic responsibilities were granted 2015 deferred monetary incentive awards, in accordance with the Remuneration Policy, as well as on the basis of the 2014 EBITDA results approved by the Board of Directors on 12th March, 2015, as proposed by the Compensation Committee. In 2015, the Deferred Monetary Incentive award granted in 2012 also reached maturity. The total gross value of the awards granted and those paid to Managers with strategic responsibilities is shown in Table 2 in the chapter "Compensation paid in 2015", under the items "Bonus for the year - deferred" and "Bonus for previous years - payable/paid".

**Long-Term Monetary Incentive Plan**

Managers with strategic responsibilities were granted their 2015 long-term monetary incentive award, determined in accordance with the Remuneration Policy. In 2015, the Long-Term Monetary Incentive awards granted in 2012 also reached maturity. The total gross value of the grants and those paid to Managers with strategic responsibilities is shown in Table 2 in the chapter "Compensation paid in 2015", under the items "Bonus for the year - deferred" and "Bonus for previous years - payable/paid".

**Severance indemnity for end-of-office or termination of employment**

During 2015, Managers with strategic responsibilities who accepted enhanced offers of voluntary termination were paid, by way of supplement to legal and contractual obligations, additional amounts defined in line with Company policy on early retirement incentives. The total gross value of the indemnities paid for terminations during 2015 and the related effects on the Incentive Plans in effect are shown in the chapter "Compensation paid in 2015", respectively in Table 1 under the item "Severance indemnity for end of office or termination of employment" and in Table 2 under item "Bonus for previous years - no longer payable" (note 3).

**Benefits**

For Managers with strategic responsibilities, in line with provisions in the national collective labour agreement and the supplementary corporate agreements for Eni managers, the Policy Guidelines provide for enrolment in the supplementary pension plan (FOPDIRE) as well as in the supplementary health plan (FISDE), insurance coverage for the risk of death or disability, together with a Company car for business and personal use.
Compensation paid in 2015

Table 1 - Remuneration paid to Directors, Statutory Auditors, to the Chief Executive Officer and General Manager and to other Managers with strategic responsibilities

The table below lists the individual remuneration to the Directors, Statutory Auditors, Chief Operating Officers and, in aggregated form, Managers with strategic responsibilities. The remuneration received from subsidiaries and/or affiliates, except those waived or paid to the Company, are shown separately. All parties who filled these roles during the period are included, even if they only held office for a fraction of the year.

In particular:

- based on the criteria of competence, the column “Fixed Remuneration” reports the fixed remuneration and fixed salary from employment due for the year, gross of the social security contribution and tax expenses to be paid by the employee; it excludes attendance fees, as these are not provided for. Details of the compensation are provided in the notes, and any indemnities or payments with reference to the employment relationship are indicated separately;

- the column “Variable non-equity remuneration” under the item “Bonuses and other incentives” shows the incentives paid during the year due to rights vested following the assessment and approval of the related performance results by the relevant corporate bodies, in accordance with that specified, in greater detail, in the Table “Monetary incentive plans for Directors, Chief Operating Officers, and other Managers with strategic responsibilities”; the column “Profit-sharing” does not show any figures since no such provisions currently exist;

- based on the criteria of competence and taxability, the “Benefits in kind” column reports the value of the fringe benefits awarded;

- based on the criteria of competence, the “Other remuneration” column reports any other remuneration deriving from other services provided;

- the “Total” column details the sum of the amounts of all the previous items;

- the “Fair value of equity compensation” column reports the relevant fair value for the year related to the existing stock option plans, estimated in accordance with international accounting standards, which assign the related cost in the vesting period;

- the “Severance indemnity for end-of-office or termination of employment” column reports the indemnities accrued, even if not yet paid, for the terminations that occurred during the course of the financial year, or in relation to the end of the mandate and/or employment.

(24) The presuppositions for disclosure on an individual basis envisaged under the regulations in effect do not exist.

(b) The amount includes the payment of 3,591 thousand euros relating to the deferred and long-term monetary incentives assigned in 2012 and the pro-rata amounts of the Long-Term Incentive Plans (DMI and LTMIP) paid upon consensual employment contract resolution, for the vesting period expired as defined in the respective Plan Regulations.
(c) The amount includes the taxable value of insurance and welfare coverage, complementary pensions, the car for business and personal use, as well as the housing assigned to managers in international mobility.
(d) Amounts due for the positions held by Managers with strategic responsibilities in the Supervisory Body established under the Company’s Model 231 and the Manager responsible for the preparation of the Company’s financial statements and other remuneration received for positions held in subsidiaries or associated companies of Eni.
(e) The amount includes the severance indemnity and early retirement incentives paid in relation to the termination of the employment, to which 550 thousand euros is added for the non-competition clauses payable by 2016 at the expiry of the related validity period, subject to the obligations being fulfilled.
**Executive Summary**

The first section of the Remuneration Report provides a detailed description of the 2016 Remuneration Policy, including in particular on relevant market comparables and short performance targets underlying short-term and long-term incentives. The 2016 Remuneration Policy is not significantly different from the 2015 Remuneration Policy and reflects the decision of the Shareholders’ Meeting on 8th May, 2014, in accordance with Art. 114-bis of the Consolidated Law on Financial Intermediation, governing the Long-Term Incentive Plan 2014-2016 for the Chief Executive Officer and General Manager and the senior managers deemed critical for the business, according to the conditions laid down in detail in the Information Document published in accordance with Art. 11 bis of the Issuers’ Regulations, available on the Company’s website (www.eni.com).

The following table includes the main elements of the Remuneration Report described in the Chief Executive Officer’s Office and General Manager’s Office with strategic responsibilities (HEX).
Shareholdings held

The table below indicates, under Article 84-quater, fourth paragraph, of the CONSOB Issuer Regulation, the shareholdings in Eni SpA and its subsidiaries that are held by Directors, Statutory Auditors, Chief Operating Officers, and other Managers with strategic responsibilities, as well as by their spouses from whom they are not legally separated, and their children under eighteen years of age, directly or through subsidiaries, trust companies, or intermediaries, as recorded in the register of shareholders, communications received and other information sources. The table includes all parties who fit this description for all or part of the reporting period.

The number of shares (all “ordinary”) is indicated, for each Company held, by name, for Directors, Statutory Auditors, Chief Operating Officers of Eni Divisions and, at an aggregate level, for the other Managers with strategic responsibilities. The individuals indicated hold title to the shareholdings.
